

We Make it Possible.

What Others Say

*I appreciate the care and warmth shown by your staff.
They did what I asked of them and were willing to do more.*

~ Mary Timashenka

Everyone is very friendly and tries to please the patient and sees that everything gets done in a timely manner.

~ Billie Grunden

They were there when I needed them and were most willing to do anything to help.

~ Georgeann Dudenhoffer

We appreciate the attentiveness to Mother's requests and the performance of services in the manner to which she has been accustomed. It is especially nice to have the services of the same caregivers. Avoiding numerous changes is so important in keeping mother comfortable.

~ Catherine Keim

Thank you for allowing yourselves to be guided in your work by your vision and compassion. Elder care is unfamiliar territory for most of us and can bring with it difficult and heart-wrenching decisions. You made yourselves available to us in so many ways-helping us with decisions and offering support and reassurances.

~ Donna Martin

We appreciated the dignity and respect that Comfort Care treated our dad with.

~ Steve Moore

We Make it Possible.

Our Approach

'We partner with families and clients to create individualized programs that will allow them to stay at home. It is a team effort.'

Comfort Care believes that in order to make staying at home possible, it takes a trusting, collaborative partnership between all involved. We work hard to communicate goals, and ensure that both the family, Comfort Care, and all other health care agencies are working on the same team.

We take on the responsibility of coordinating the needs of our client. We have established strong and diverse partnerships with health care & medical professionals which enable us to provide customized, complete care.

Our People

'Making It Possible' for Elders requires people who believe in a better way. We recruit talented and caring individuals from the 'front lines' to the 'back office'.

Our Mission

"To make the traditional nursing home irrelevant"

To do this requires a CHANGE.

CHANGE requires a vision of a better way. Comfort Care carries that vision. A vision that allows Elders to live in their homes and neighborhoods regardless of their physical and social needs.

We Make it Possible.

Nursing Home Alternative – Brookside Homes

Brookside provides an alternative to nursing homes, personal care homes, and assisted living facilities.

Home cooked meals, deep friendships, and a family atmosphere is what turns these small houses into homes. **The Way It's Meant to Be.**

“I think this is ideal and is far superior to anything I have seen. It duplicates the home environment yet provides the necessary skilled care. I actually wish I had moved Mom to Brookside a year or more earlier!”

~ Jerry Walker

Brookside has created a place where Elders can live a full life regardless of their health conditions.

Our Elders thrive in the small homes and neighborhoods where they are not defined by their medical condition, rather by who they are as people.
